

2021 Carolinas Climate Resilience Conference Program

Submission Form for Poster Presentations

This document duplicates the information in the online submission form for Poster Presentations. Please review this document to know what information you will need to provide when you are submitting your poster presentation.

Submission Format

When you access the form, the first question will ask you to select the **type of session or presentation** you would like to propose.

Select "Poster Presentation" and the submission form will direct you to the following information and series of questions.

Poster Presentations

We will host a poster session during the Monday evening networking reception. Posters will continue to be on display throughout the conference. Posters will also be available via the conference website for remote presenters and attendee access. Students are encouraged to submit to the **Student Poster Competition**. Winners will be announced during the Wednesday closing lunch plenary.

1. **Poster Presenter**

Name:
Organization:
State/Province:
Email Address:
Phone Number:

2. **Poster Presentation Title**

3. **Poster Presentation Description** (350 words or less)

Please type your complete presentation description. The description should clearly state details about individual speakers or presentations and the session format. Please include comments about how you would conduct the session virtually, if needed. All abstracts will be included in the conference program. Providing thorough details will ensure that attendees have the information they need about your session.

4. **Additional Authors**

Please list any additional authors and their affiliation who should be included with the poster abstract in the conference program. Authors will be listed in the program in the same order they are listed here.

5. Would you like to submit your poster to the **Student Poster Competition**?

Cross-Cutting Themes & Key Words

6. Please select the **cross-cutting theme** that best represents your submission. View descriptions of the themes on the **CCRC website**.
 - Actionable Climate Science
 - Climate Resilience Planning and Recovery
